Dear Mrs. Deininger,

Western Union has read me your wire saying you are in a position to give some undisclosed facts about the Warren Report and suggesting I write you if interested.

Of course, I might be very interested.

I would also like to know whether this would be in confidence, or whether, if I so desire, I might make use of whatever information you have.

My entire address is above.

I am usually home but I get to Washington on the average of once a week or more.

Sincerely yours,

Harold Weisberg
